FaxSav Global Network, the world's premier Internet faxing network, provides the most dependable, versatile & Low-cost faxing by sending your faxes over the internet to the FaxSav network for delivery to fax machines worldwide. FaxSav's global network saves you money & ensures accountability for your faxes. Whether your company uses fax machines, e-mail addressing, desktop drivers or scanners, FaxSav has the solution that fits your business needs.

We offer you two types of services:

1. FaxLauncher:

FaxLauncher is FREE software that lets you fax any document created in your PC or Mac through the Internet to any fax machine in the world. From any application on a computer with direct Internet connection, simply select "FaxLauncher" as the printing option. Enter a destination fax number and a subject, and the file sent RSA encrypted over the Internet and ultimately delivered to any fax machine.

2. FaxMailer:

FaxMailer bridges the communication gap between you and People who don't have Internet e-mail. Now you can send an e-mail to any fax machine in the world. From your own e-mail package that has Internet access, simply type the fax number@faxesav.com in the to field and send your e-mail on its way across the internet to the FaxSav fax-delivery network.

****With FaxMailer's unique stamp security mechanism, you'll know that your e-mail has been authenticated at the FaxSav network, so no one else can use your account.****
