All prices are subject to **10% VAT**.

- No phone lines. No cables.
- Easy installation. Plug to your PC and enjoy the Net.
- Portable service that you carry with you wherever the service is covered.
- Your account should be recharged after one month or when the traffic corresponding to your plan is reached, whichever comes first.
- If the upload traffic is consumed, the account will be deactivated.

**Features of Wireless Broadband**

- Limitation on consumption according to your Plan.
- No session limitation.
- Free e-mail addresses @ IDM according to your Plan.

**Service Coverage:**

Wigo Wireless Broadband services are currently available in selected areas such as **Saïda**, Beirut and surroundings, Metn, and Kesrowan. As with any radio system there are places inside the marked coverage areas where the service may not work due to a variety of factors. For example, radio reception can be degraded or non-existent in certain places, particularly large buildings, basements, lifts, underground and car parks. Reception can also be affected by mountains and tunnels.

**Warranty & Conditions:**

- Hardware cost is payable cash upon delivery. Warranty period for the CPE is 3 months from purchase date.
- You have 4 days to test and return back the wireless CPE in case of no coverage and you will be refunded accordingly.

**Customer Support:**

Free customer support                      Phone: 1282                      24 hours/ 7days
